

JOHN S. SAYWARD, Editor.

MONDAY, OCTOBER 2, 1843.

FOR PRESIDENT,
HENRY CLAY,
OF KENTUCKY

SEE FIRST PAGE.

At the third trial to elect Representatives in this city on Saturday there was no choice. Although a nearer approach was made to it than at the previous trials. The vote was increased about an hundred from the last trial and an election could easily have been made if the Whigs had discharged their duty by going to the polls.

The Christian Mirror contains an able common sense article on the changes, agitations and combinations in the religious and political world. The venerable and worthy editor truly and with much pungency says: "Political affairs present a strange mixture. Some would abjure the influence of all religious motives in their political acts; others would rise and reign 'by the grace of God,' at the very moment that they denounce the monarch of the old world for doing the same; and remarks, that the new organizations like a net cast into the sea 'gather of every kind' and that some of them are destined to a shorter existence than any of their predecessors.

The following truthful picture of the mode of operations of the would be reformers is worthy to be written in golden letters and occupy an important place in every man's dwelling:

"It may be well to interpose a word of caution for the consideration of such as are predisposed to listen to every cry of 'lo, here! or lo, there!' It is unreasonable to require or expect perfection in any organization, religious or political. Either will always have more or fewer unworthy members; and for every evil which exists they will be held responsible, whether rightfully or not. It hence proceeds, that an assailant has, for a time, a great advantage over the assailed. He can fix on some obvious wrongs, which no one can disprove, and thus gain credit for as many false charges as he chooses to bring. He gains one ear after another, excites his adherents by the most violent denunciations of the old church or party, and works upon them by passionate appeals, till they are filled with what they think a 'holy indignation,' and imagine they can perform no work more meritorious than pouring out anathemas upon the obnoxious body, and making it as infamous as possible. Any defence made or attempted only kindles anew their ardor, and furnishes them with new weapons for attack, made such by their skill at perversion. Accessions are made to the newly formed phalanx—people join it with the hope and expectation of speedy deliverance from all the woes felt and apprehended in the old organization. They exult in this deliverance, till experience convinces them they have made a disadvantageous change—that *king log* has been commuted for the Serpent—that, it once they were chastised with whips, they are now chastised with scorpions."

Cold weather is approaching and the sitting room fire has already become necessary in the morning and evening. It is time to think about the appropriate clothing for children and infants. Let the mother see to it, that her infant is not exposed to the pains and dangers of disease by following fashions set by those whose vanity outruns their judgment, or whose ignorance makes sacrifice of their offspring. Let the round, plump arms and delicate breasts of children be well covered with comfortable clothing. Let the little ones who can trot about the house be clad in woolen garments, to shield them from the cold and as a protection against fire. We have been connected with the public press, more or less, for nine years, and during that time not a year has passed but we have recorded more or less deaths of children by their clothing taking fire. What a warning is this to mothers who love their children—what a sacrifice of life is annually made to neglect in clothing children!

Dr. Cutter's Lectures.

At the close of Dr. Cutter's Lectures on Anatomy and Physiology, at the City Hall on Friday evening last, the audience was called to order by J. E. Littlefield, and, on his motion, Hon. Wm. D. Williamson was appointed Chairman, and Albert W. Paine, Secretary.

The following resolutions, introduced by Mr. Littlefield, were thereupon adopted, viz:

Resolved, That the Lectures on Anatomy and Physiology, just closed by Dr. Cutter, have been of a highly interesting and profitable character; and we take pleasure in recommending both the Lecturer and this subject to an enlightened public.

Resolved, That, in our opinion, a knowledge of Anatomy and Physiology is of so much importance to the community, that they should be made the subject of lectures before our Lyceums, and be introduced as a regular study into our public schools.

On motion of Col. Alexander Drummond, Voted, That the above resolutions be published in the several papers of the city.

ALBERT W. PAINE, Secretary.

Our thanks are due to Jerome's Express for New York and Boston papers by the boat on Saturday; also to Gilman & Co's Express for the like favor

Further particulars of the Great Storm in Florida.

The Tallahassee Sentinel of the 19th is almost filled with the particulars of the disasters caused by the storm. In that city the damage was not great—two or three houses only were injured, some trees were uprooted, and some gardens demolished.

In the country the gin house of Mr. Joseph Chairs was blown away, and with it some thirty thousand pounds of cotton in the seed. Five bales just packed were also destroyed.

The gin house, corn house, and other out houses on the plantation of Gen. Whitefield, about five miles from town, were all unroofed and destroyed.

Great havoc was committed to the forests, and the tall oaks and pines found no mercy from the tempest. Vast numbers were prostrated, rendering nearly all our roads impassable for wagons or carriages.

Port Leon will probably be abandoned. The Sentinel says:

The light house at Dog Island is gone. At St. Andrews Bay, we have good reason to believe, the gale was not felt, or very slightly.

Intelligence was received from the bay as late as the morning succeeding the gale—but no mention was made of it.

A Party of Pleasure turned to a Company of Mourners.

A correspondent of the Calais Advertiser states that several days since a party of young people at Scotch Ridge, St. James, N. B. left their homes for a cranberry frolic. The distance they had to travel was about six miles, and in order to get to the bog it was necessary to cross a stream. A raft was constructed & fourteen young women attempted to cross upon it. When about midway the stream a rotten log in the raft gave way—the raft parted and the whole were thrown into the stream. Every effort that great courage could accomplish was put forth to save them, and all save one, by the name of Frazier, were rescued alive. One young man nearly lost his life in striving to save her, and when she was carried down by the force of the current and all hope had fled he persisted in diving until he found her lifeless corpse and bore it to the shore. The party returned through the woods several miles, bearing in their arms the lifeless body of their companion to her father's house.

Loss of the Brig Wm. Taylor.

We learn from the Norfolk Herald of Tuesday, that the Brig Wm Taylor, of Fairfield Conn, which sailed from Boston bound to Apalachicola, with a valuable cargo of dry goods, groceries, &c., went on shore on Body's Island, about 10 o'clock on Wednesday night last. She went down in a short time after she struck; vessel and cargo supposed to be a total loss. Some of the passengers from the Brig arrived at Norfolk on Sunday night, in the schooner Eugenia, Capt. Caffee, having lost their clothes and other property.

A Strange Fish.

The Wicasset Republican chronicles the discovery of a strange fish near Seguin on Tuesday last by Capt. McIntire of the Schooner Adeline of Phippsburgh. The fish is described as about thirty-five feet long, his body was the size of a six ton boat, and striped like a tiger, his head was flat like a snake, his fin like a boat's sail, his tail flat like a sail boat running to a point.

Capt. McIntire says he sailed alongside and picked the fish with a harpoon and that he shoved his body up against the vessel, and made her tremble as though she had struck a rock. Not having sufficient gear, did not harpoon him. When first discovered, he was a mile and a half distant, and thinking it was a boat made for it. This is considerable of a fish story.

Disaster.

The bark Renown, from Norfolk, with stores for the United States squadron, on the coast of Africa, and 73 colored emigrants sent out by the Colonization Society, after discharging most of her cargo, was driven on shore in a gale at Port Pierre, Cape de Verdes, on the 8th of August. Crew and passengers saved—the vessel will probably be lost.

Funny!

The Portland Advertiser of Saturday says,—"Just as our paper was going to press, we were informed that Col. Lyman had returned from his trip to Boston, that he has been reinstated in the office of Postmaster, and that Mr. Mitchell has received his discharge."

Young Whitman, who, in a state of partial insanity fled from his sick bed at Calais several weeks since, although seen once or twice in a denuded state, and has been sought for by hundreds of people has not yet been taken. It is feared that he must by this time be entirely exhausted.

Rumors from Washington represent the state of affairs between Tyler and his sons, and a portion of the cabinet as being far from pleasant, and that John Tyler begins to see that the only hope of escape from the ridicule of the world is for him voluntarily to withdraw from the Presidential canvass.

A colored girl about 15 years of age, belonging to the Almshouse in Dorchester, Mass. has confessed that she set fire to the barn attached to that establishment, by which the same was burnt a few days ago.

A destructive fire occurred on the corner of Anthony and Rivington streets, New-York, on Wednesday evening—a very large building occupied for various mechanical purposes, being wholly consumed.

Several buildings were consumed by fire in Boston on Friend and Portland Streets on Saturday morning

Samuel B. Wingo a sheriff in Missouri was murdered a few days since by one Moyres to prevent his making sale of some property on execution.

John Quincy Adams was enthusiastically received by the citizens of New Bedford on Thursday last.

A new party at the polls is likely to arise in New York against the practice of mechanical pursuits in public prisons.

The launching of five vessels within a few days is recorded in the Thomaston Record, viz:

Ship "Leonidas," 619 tons burthen; Bark "Elliot," 270 tons; Schooner "Frederick" 102 tons, at Warren; Bark "Gen. Greene" 250 tons, at Camden; Schooner "John Kendall" 16 tons, at E. Thomaston. Aggregate tonnage 1480.

The Belfast Journal tries very hard to kick John Tyler out of the Loco party, and represents his recent corrupt course as a specimen of Whig rule. This is abominable. There is one view of John Tyler's course which these locos press that deny his 'democracy' cannot get over, which is, that he is acting just as he thinks will please the loco party and appoints the leaders of that party to office, and they accept, and smile and laud him. He professes to be a loco-tries to be, and it is generally thought that he is. We think his acts prove him to be a loco out and out.

Our friend Schouler, of the Lowell Courier has been chosen Colonel. Editors are getting up in the military line, and a man even asked us the other day if we wanted to be Captain. We thought of our grey hairs and declined.

Protection—the old Republican Doctrine.

The very first act passed by the first Congress, after adopting those measures which were necessary to put the Government in motion, distinctly avowed this doctrine. That act was approved on the 4th of July, 1780—the right day for giving sanction to the policy which was then considered essential to maintain our independence. We quote the preamble to that act—

"Whereas it is necessary for the support of government, for the discharge of the debts of the United States, and the encouragement and protection of manufactures, that duties be laid on goods, wares and merchandise, imported: Section 1.—Be it enacted &c.

WASHINGTON in his first and in his last message acknowledged the doctrine:

"The advancement of agriculture, commerce, and manufactures, by all proper means, will not I trust, need recommendation; but I cannot forbear intimating to you the expediency of giving effectual encouragement as well to the introduction of new and useful inventions from abroad, as to exertions of skill and genius in procuring them at home."—Message of 1783.

Again in his eighth message we find the following:

"Congress have repeatedly, and not without success, directed their attention to the encouragement of manufactures. The object is of too much consequence not to insure a continuance of their efforts in every way which shall appear eligible."

JEFFERSON fully adopted it and finally to the extent of absolute prohibition. In 1802, only nine years after his famous Commercial Report, he held the following language in his annual message to Congress.

"To cultivate peace and maintain commerce and navigation in all their lawful enterprises, to favor our fisheries as nurseries of navigation, and to protect the manufactures adapted to our circumstances."

By continuing to make these the rule of our actions, we shall endeavor to our countrymen the true principles of the constitution, and promote an union of sentiment and of action equally auspicious to their happiness and safety." At another time he wrote, "When a nation imposes high duties on our productions, or prohibits them altogether, it may be proper for us to do the same by theirs, first burdening or excluding those productions which they bring here in competition with our own of the same kind."

MADISON, too, adopted it. In his first message, in May 1803, Mr. Madison thus alludes to the protective policy:

"The revision of our commercial laws, proper to adapt them to the arrangement which has taken place with Great Britain, will doubtless engage the attention of Congress; it will be worthy at the time of their just and provident care to make such further alterations in the laws as will more especially protect and foster the several branches of manufactures, which have sprung into existence and attained an unparalleled maturity throughout the United States during the period of the European wars, this source of national independence and wealth I anxiously recommend, therefore, to the prompt and constant guardianship of Congress."

And again in the same message:

"It will be an additional recommendation for particular manufactures when the materials for them are extensively drawn from our agriculture and consequently important, and insure to that great fund of national prosperity and independence an encouragement which cannot fail to be rewarded."

Thus distinctly was the doctrine of specific Protection inculcated by the Republican Fathers—a doctrine, without which we can never be truly independent; and against this array of venerable names we are to place those of the present leaders of the locofoco party in the country.—Vt. Watchman.

BRIGHTON MARKET—MONDAY, August 14. [Reported for the Boston Advertiser and Patriot.] At Market 1250 Beef Cattle, 700 Stores, 3300 Sheep, and 1425 Swine. From five to eight hundred Beef Cattle and several hundred Stores also remain unsold.

July 12, 1843.

HARD WOOD LAND.
FOR SALE a tract of Land four and half miles from the Wharves in Bangor, on the road to Pushaw Lake, and bounded South by a proposed road to Glenburn, being marked as lots N. and O., on Eber Stewart's Plan of Bangor, and containing eighty-seven and a half acres. Said Land is situated on a gentle elevation forming a pleasant site for a dwelling or a Tavern House, and is now covered with a large growth of hard wood, which is said to be worth the whole price asked for the land.
The terms will be, two-thirds cash, and one-third, twelve months credit—for price and further conditions please to apply to the subscriber at his office.
West Market Square Bangor.
Sept. 4, 1843. GEO. B. MOODY.
d&w1m

LAND SURVEYING.
THE subscriber having had more than 30 years experience as a practical Surveyor of Land, both in Massachusetts and Maine, being furnished with new and improved instruments for running lines, and drawing plans, offers his services to all those who may wish to employ a Surveyor, and have their business performed with correctness and despatch. Best of recommendations can be produced, if required. Residence on Ohio street, near Ewer's tavern.
NATHANIEL COLLAMORE.
Bangor, August 9th, 1843—d&wtf.

FARM FOR SALE.
THE subscriber offers for sale, that tract of land known as the Todd farm in the town of Chester. It is pleasantly situated on the river about four miles above Lincoln village and consists of about 65 acres mostly excellent tillage land, including eight or ten acres of intervals. There is a small house upon it somewhat out of repair and a moderate sized barn. To an experienced and practical Farmer, who would improve it himself, this Farm would be highly valuable, as it will yield with suitable cultivation a large crop of Hay and Grain, in that situation must always command a market at good prices. It will be sold on reasonable terms on application to me at Bangor.
GEO. B. MOODY,
Attorney for CHARLES H. TODD.
Bangor, August 9, 1843—d&wtf

may 19 ly

LORRAINE'S PILLS.
OR VEGETABLE UNIVERSAL MEDICINE
CURATIVE
OF THE
French College of Health, in Paris.
The following letter was received yesterday by
mail from Salem. It gives another evidence
of the great success of Lorraine's Vegetable Universal
Pills.
Sir—I have been for many years a sufferer from
the ravages of Scrofula and Cancerous Humors,
which at last seated on the vitals, and exhibited all
the threatening symptoms of consumption. The
general inability of all remedies awakened my en-
quiries as to the thousand different methods of cure,
to most of which I had recourse without receiving
benefit. I accidentally noticed a remarkable cure
by Lorraine's Pills, and was induced to give them a
trial. I sent to Boston and got a box. By the use
of them I found immediate relief and was soon re-
stored to a perfect state of health.
J. E. NEWHALL.
Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is wor-
thy of notice.
Sir—I took one of Lorraine's Vegetable Pills last
evening for a pain in my head, that had effected me
for several days, occasioned by taking cold. I soon
felt very calm, and quiet, and a state of general re-
pose came on which had great charms, and I enjoyed
one of the most comfortable and refreshing nights
rest that I ever did in my life. I rose in the morning
in my usual state of health, and believe it is my
duty to recommend this medicine.
Yours truly,
J. B. LIGHT.
Nov. 20th, 1841.

[From Boston Daily Mail.]
Somebody wisely says, that a cap loaded with
jewels and flowers will not cure the headache, nor
gold chains prevent the consumption. Lorraine's
Vegetable Pills have done both.

Sir—I have been effectively cured of a severe
headache by the use of Lorraine's Pills.
SARAH NOYES.

Sir—My daughter had all the threatening sym-
ptoms of a Consumption, such as cough, pain in the
side, &c., together with general debility, but has
had her health restored by Lorraine's Pills.
Rev. J. KNIGHT.
New York City, Nov. 1, 1841.

Family Medicine.
Sir—I have used Lorraine's Pills in my family as
a family medicine, and I would most earnestly re-
commend them to all persons, as the best medicine
that can be procured. I would not be without them
—they operate mildly, and never fail to give im-
mediate relief. Until I used these Pills I was obliged
to pay from 20m to \$100 per year for medicines
and physicians, since then I have had no other doc-
tor than Dr. Lorraine's Pills. JAMES NEAL.
Hartford, Conn. July 8.

Lame Back.
Sarah Snow was cured of a lame back in one day,
when she had been unable to dress herself alone for
two weeks.
Susan Jones of Boston, cured in 36 hours of lame
back and side of three weeks standing.

Sick Headache.
Mrs. Bird of Providence says, that 'Lorraine's
Pills have proved a real blessing to her. It has sur-
passed any thing that has been brought to the public
notice. I have been cured of a sick headache that
had afflicted me for years, by the use of Lorraine's
Pills.

THE CONDITION.
The condition upon which nature gives health to
man, is a watchful care to keep his stomach and
bowels free from morbid and unhealthy accumula-
tions. Lorraine's Pills admirably effect this, be-
cause they cleanse the bowels and purify the blood.
The human body is always healthy when the
bowels are regular, the blood circulates freely, and
disease invariably commences when obstructions
take place in the bowels.
The extraordinary virtues of Lorraine's Pills de-
pend upon extracts of over 50 different vegetables,
all so admirably combined as to purify, nourish and
navigate the human system.
For sale by G. W. HOLDEN, Bangor.

July 17

PAGES VEGETABLE SYRUP
FOR FEMALES, ENCEINTE.
THE following gentlemen are the authorized
Agents for selling the above mentioned valu-
able medicine,—a medicine worthy the confidence of
the public, and should be used by every female about
to become a mother. It is invaluable in relieving
the pains of Lying-in women, as has been proved by
hundreds of ladies who have used it, and by many
physicians who prescribe it in their practice. There
is nothing deleterious in its composition, and the
most delicate female in any condition may take it
with perfect safety. The price of it in nearly
all cases where used is more than saved by the medi-
cine getting up, and recovering her strength so as to
be able to dismiss her nurse one to two weeks sooner
than in ordinary cases. All persons wishing for fur-
ther information respecting it, are referred to a pam-
phlet of a dozen or more pages accompanying the
medicine (which may be had gratis of any agent,) con-
taining some general remarks upon the subject,
proper and important to be read by all females, also
several letters from physicians who have prescribed it,
and from other gentlemen whose wives have used it.

LEWIS' CELESTIAL BALM
OF CHINA.
Statements honest, plain and true. Will
you believe and profit by them, or neg-
lect and suffer.

THIS Balm or Salve will be found unlike any
other preparation. There is no Fiction or Im-
agination in its qualities. It will cure any sore that
can be cured at all. It will take down inflammation,
and take down swellings; and by thorough friction
over the parts externally, will by counter irritation,
remove inward soreness to the surface.
A YOUNG WOMAN, for years afflicted with
a running sore, called a fever sore, cured by the use
of this Balm in about three weeks.
A CHILD, with great hoarseness and difficult
breathing, relieved and cured by rubbing it well on
the chest and stomach, and covering a flannel with
the Balm and laying it over the breast.
A JUDGE of one of our courts had piles several
months without knowing the name of his complaint;
he used one flask of this Balm and was cured.
A GENTLEMAN who had an attack of piles
every year regularly for ten years, cured himself
five years since by this Balm, and though plainly
threatened at least fifty times since, has kept off an
attack by rubbing on the Balm when any uneasiness,
soreness, or fullness is felt about the parts.

A PRISONER cut a frightful gash in his foot
with a piece of broken glass; he was cured in a few
days by the Balm. The same bottle cured all the
sore fingers, legs and feet in the prison.
AT THE ANGLICAN for Aged and Indigent Fem-
ales. It has been used with signal success. One
of the lady patronesses, Mrs. Nixen, has left her
name, and wished sufferers referred to these facts.
NO MAN OR WOMAN can possibly have the
PILES if they use this Balm well when they feel
any uneasiness about the parts. It is far better to
prevent than cure any calamity or ailment.

DIRECTIONS, &c., FOR ITS USE.
FOR THE PILES—If the parts are very sore,
reduce a little of the Balm by mixing half laid with
it. After one or two trials that way, you must use
it without reducing it. You never can use too much
at a time—if a whole bottle could be absorbed in
two applications, by long friction, it would be all the
better.
IF COSTIVE, use it well before going to stool
—this will do wonders.
TO PREVENT any attack of the Piles, you
must use it whenever you feel a fullness of the parts,
and an attack will be impossible. Hundreds thus
keep off this dreadful complaint entirely.

INTERNAL PILES
May be reached by injecting it with a syringe,
with a large open point to it. This syringe, made
expressly for injecting this, and the Dalley's salve,
or Hays' liniment, may be found with those who
sell these articles. See drawing. Or in some cases
may be reached with the finger, or covered
with a piece of silk smeared with the Liniment.
PROLAPSING PILES.
That won't return at all, may be reduced by
white lead, ground in oil, and put on over-night, say
a spoonful from a point tip.
VERY COLD WATER should be applied by
washing the parts well after stools, particularly if
just before bed-time.
In very old cases of Piles, when there is apparent
ly a deposit and discharge from the parts, or when
the parts are very sore or inflamed, use "DAL-
LEY'S PAIN EXTRACTOR" alternately with
the "CELESTIAL BALM," and your cure is
certain. Use these things.

Hoarseness, &c.
IN DIFFICULT BREATHING—Spread it
on linen or flannel, and lay it on the breast, after
having rubbed the breast well with it—the relief
will be felt directly. So with Coughs, and
especially with Hoarseness, or Sore Throat—rub till the
skin becomes tender, then spread it on flannel, and
bind it on, and you may depend it will cure you. If
you do not believe it now, you will when you have
once tried it.

Rheumatism.
RHEUMATISM, and all pain in the joints, and
stiffness, must be cured by it by rubbing the parts
until the skin becomes tender, and then binding
more on well with flannel.

Confidence inspires confidence.
A NEW AND POSITIVE CURE
FOR THE
Salt Rheum,
AND OTHER CUTANEOUS DISORDERS.
Jones' Drops for Humors.
A SAFE internal remedy for Scrofula and dis-
eases of the Skin, such as
SALT RHEUM, LEPROSY, SCALD-
HEAD, ERYSIPELAS, SCROFULA,
and all kindred diseases, external and internal.
Those afflicted will do well to examine the testi-
monials of Physicians and others, in the hands of
Upton & Wilcox, Dixmont, J. E. Whitney, Plym-
outh, Thomas R. Curtis, Carmel, Arey & Nourse,
Hampden, James B. Chick, Frankfort, Artemas At-
wood, Frankfort Mills, E. & J. Moulton & Co. Old
Town, E. & J. Moulton & Co. Houlton, where the
medicine can be found, and where persons can be
referred to, who have experienced its happy ef-
fects in this city.
It seldom, if ever having failed to perform a most
satisfactory cure of the various loathsome diseases
for which it is designed—where the directions
accompanying each bottle have been faithfully fol-
lowed.
Don't fail or delay in calling, seeing, reading
and enquiring for yourselves. You will be induced
to try it, and thereby find the same wonderful ef-
fects as multitudes of others.

SANDS' SARSAPARILLA.
FOR THE REMOVAL AND PERMANENT
CURE OF ALL DISEASES ARISING
FROM AN IMPURE STATE OF
THE BLOOD, OR HABIT
OF THE SYSTEM,
NAMELY:
Scrofula, or King's Evil, rheumatism,
obstinate cutaneous eruptions, pim-
ples, or pustules on the face, blotches,
bites, chronic sore eyes, ring worm
or tetter, scald head, enlargement
and pain of the bones and joints, stub-
born ulcers, syphilitic symptoms,
scintina, or humbug, and diseases
arising from an injudicious use of the
mercury, ascites, or dropsy, ex-
posure or imprudence in life. Also,
chronic constitutional disorders will
be removed by this preparation.

The proprietors submit to the public the follow-
ing certificate, from a highly respectable source, of
a cure made by using their preparation of Sarsapa-
rilla, which cannot but have the effect of placing
beyond all doubt the curative powers of the medi-
cine.
New York, August 3, 1842.

"Messrs. Sands—Gentlemen: Under a feeling
sense of gratitude inherent to us all when suddenly
relieved from suffering and disease, I now, as an act
of justice due to you, and with a view of relieving
the afflicted, make known to the world the inesti-
mable benefit I have received from the use of your
Sarsaparilla. In the year 1832 I sailed from Eng-
land in a vessel bound for Quebec, and while on the
passage first discovered the disease which after
proved to be a sore affliction; and truly I can say,
'from the crown of my head to the sole of my foot
there was no soundness in me.' From the time first
mentioned down until the present, a period of more
than ten years, I have suffered all that human na-
ture was capable of bearing. I have been under
the care of the most distinguished physicians both
in this country and in England, visited Bath, Chel-
tenham, Bristol and Gloucester, tried various spe-
cifics, among others a large quantity of Swain's
Panacea, and sulphur baths, &c. As a last resort
I was induced to wrap myself in a tar ointment,
keep myself secluded, shunned by all, myself also
shunning. I was induced to believe my case a
hopeless one.

In August last, by the advice of friends, I went
to the New York City Hospital, but was there told
that my case was incurable. The disease now en-
veloped my whole body, rendering me almost help-
less; the skin thickened and cracked, and blood and
matter ran, and life itself became almost a burden.
A few weeks since I was induced to use your Sarsapa-
rilla by hearing its highly recommended, having
spent nearly \$3,000 without obtaining but little
relief. After using it a short time, I found myself
better, and now, by using six or eight bottles, cost-
ing me less than ten dollars, I am well. Yes, I cer-
tainly declare to the world, that after spending
near \$3,000 in traveling and doctoring, and suffer-
ing more than can be told, I was perfectly cured
by using your invaluable preparation of Sarsapa-
rilla; and I now recommend it to all similarly afflicted.
Those wishing to know further particulars will find
me at my residence, No. 27 Warren street, New
York, where I shall be happy to communicate any
thing in relation to the above cure.

PAUL BURDOCK.
Prepared and sold by A. B. SANDS & CO. Drug-
gists and Chemists, Granite Buildings, 273 Broad-
way, corner of Chambers street, New York.
And for sale by Druggists throughout the United States.
Price \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remem-
ber that it is Sands' Sarsaparilla that has and is
constantly achieving such remarkable cures of the
most difficult class of diseases to which the human
frame is subject, and ask for Sands' Sarsaparilla,
and take no other.
G. W. LADD, Agent for this vicinity, and dealers
will be supplied very low by the dozen.

LOZENGES! LOZENGES!
FALES' Cough, Worm, Headache, and Diar-
rhoea or Dysentery LOZENGES are safe, cer-
tain and agreeable remedies for the diseases for
which they are recommended.
Numerous, speedy and surprising cures have been
effected by their use, hence their popularity.
Dr. Fales' Oracle of Health, (Philadelphia) says
that Fales' Medicated Lozenges are considered by
those who have used them, to be far superior to
Sherman's or any other introduced into that market.
THE COUGH LOZENGES
Are beneficial in all cases of common colds, whoop-
ing cough, asthmatic affections, inflammations of
the throat and lungs; they are also particularly
beneficial for the croup, and a very good substitute
for the celebrated Hive Syrup, Cough Candies,
Quincy Coughs, and Pulmonary Balsams, &c.

THE WORM LOZENGES
Are a safe and sure remedy for Worms. Two or
three is a dose for very small children, and five or
six for larger ones.
THE DYSENTERY LOZENGES
Are a certain and agreeable remedy for Dysen-
tery, Diarrhoea and bowel complaints of children.
Full directions as to diet and manner of taking
them, accompany each box.
THE HEADACHE OR CAMPHOR
Lozenges are beneficial in cases of nervous head-
ache, in febrile affections of a typhus character.
They are useful in Rheumatism and perineuritis;
also in eruptive diseases, to favor the eruption or
bring it back when it has suddenly receded from
the skin, as sometimes happens in measles and
small pox.
For sale, Wholesale and Retail, by N. B. FOL-
SOM, Jr., Agent, and by the other Druggists in
the city.

FALES' CYPRIAN HAIR TONIC,
FOR THE GROWTH, PRESERVATION AND RESTO-
RATION OF THE HAIR.
No matter how bald a person may be, a growth
of hair will be produced, and as naturally too,
as the herbage grows on the plain, or the lily in the
valley. This tonic is warranted to cleanse the hair
from Dandruff, and every other accumulating sub-
stance. Is your hair dry and falling off?—the tonic
will moisten and fix it strongly in the head. Is your
hair thin or your head bald?—the tonic is war-
ranted to satisfy the largest desires in thickening the
hair in the first case, and covering the Bald Head
with natural hair in the second.
It is composed of those remedial agents that re-
store the skin at once to a sound and healthy condi-
tion: when thus restored, you will soon discover on
the head a short, soft, and beautiful growth of
young hair gradually increasing in length, till it be-
comes as your other hair was before you began to
lose it.

*The question is often asked, from what is the word
Cyprian derived? Ans.—from the word Cyprus, the
name of a beautiful island in the Mediterranean Sea.
The inhabitants of that far famed island, are as well
known for their long glossy hair, as for their bright ap-
pearing eyes. It is known, however, that many other people,
except those of Cyprus, have never used this Tonic un-
til its introduction into the United States.
For sale, wholesale and retail, by N. B. FOL-
SOM, Jr., and at retail by the other Druggist in
the city.

CAUTION.
THE Subscriber takes this method to caution
Sheet Iron workers and others in Penobscot
County, against manufacturing or vending any
of the so called ESPY'S PATENT CONICAL VEN-
TILATOR AND SMOKE BLOWER, and the
public also against purchasing of any other person,
excepting the subscriber or NATHANIEL JOHN-
SON, of Bangor, I having sold to him one-half in
common of said right to manufacture and vend.
ALBERT NOYES.
August 15, 1843—tf

WRIGHT'S
INDIAN VEGETABLE PILLS
Of the North American College of Health.
NATURAL PRINCIPLES. This written in the
book of nature and common sense, that the
natural vegetable productions of every country are,
if properly applied, amply sufficient for the cure of
every malady incident to that climate.
WRIGHT'S INDIAN VEGETABLE PILLS
are composed of plants which grow spontaneously
on our own soil, and are therefore better adapted
to our constitutions than medicines concocted from
foreign drugs, however well they may be compoun-
ded; and as they are founded upon the principle
that the human body is in truth subject to
ONLY ONE DISEASE,
viz., Corrupt Humors, or in other words, Impurity,
and cure every form of this one disease, on natural
principles, that is, by Cleansing and Purifying the
body, it must be plain to every reflecting mind that
a perseverance in the use of the medicine, accord-
ing to directions, will be absolutely certain to drive
every malady from the body.
When we wish to restore a swamp or morass to
fertility, do we not drain it of the superabundant
water? In like manner, if we would restore the
body to health, we must cleanse it of impurity.
WRIGHT'S INDIAN VEGETABLE PILLS
will be found a delightful medicine for carrying out
this grand purifying principle, because they expel
all morbid and corrupt humors, the cause of disease,
in an easy and natural manner; and while they
every day
GIVE EASE AND PLEASURE,
disease of every name is rapidly driven from the
body.

Beware of Counterfeits!
The patrons of Wright's Indian Vegetable Pills
are cautioned against being deceived by medicine
purporting to be Indian Pills, manufactured by one
A. L. Norcross who is traveling about the country,
endeavoring by every artifice to palm off his worth-
less trash for the genuine.
It should be remembered that all genuine medi-
cine has the title expressed in full on the sides of
the boxes thus:
WRIGHT'S INDIAN VEGETABLE PILLS
(INDIAN PURGATIVE.)
Of the North American College of Health.

And that all Traveling Agents are provided with a
Certificate of Agency, signed by William Wright,
Vice President of the N. A. Coll. of Health. All
travelers, therefore, who offer Indian Pills for sale,
and cannot show a certificate of Agency, as above
described, will be known as wicked impostors.
Purchasers will further remember that the counter-
feits in the hope of evading the law, have omitted
the name of "Wright," and substituted
some word in its place; that the medicine must
have "WRIGHT'S INDIAN VEGETABLE
PILLS" on the sides of the boxes; and that all
with the above omission are positively spurious.
And also around the border of the label, will be
found in small type, "Entered according to the Act
of Congress in the year 1810, by Wm. Wright in
the Clerk's Office of the District Court, of the Eastern
District of Pennsylvania."

It will further be observed that the printed di-
rections for using the medicine, which accompanies
each box, are also entered according to Act of Con-
gress; and the same form will be found at the bot-
tom of the first page.
The public will also remember, that all who sell
the genuine Indian Vegetable Pills are provided
with a certificate of Agency, signed by
WILLIAM WRIGHT, VICE PRESIDENT
Of the North American College of Health.
* Thus it will be seen, that a trifling attention on
the part of the purchaser to the above particulars,
will put an effectual stop to this wholesale robbery,
and drive it, it is hoped, all depredators upon society
to an honest calling.
The following highly respectable persons have
been appointed agents for the sale of the above in
valuable medicine.

ABSOLUTE HEAL OIL.
10,000 DALEY'S MAGICAL PAIN
EXTRACTOR inestimable. It not only cures
quicker, but gives no additional pain, nor leaves a
scar. Fire is positively rendered harmless. (\$10
has been offered six months to any person returning
an empty box, and saying that all agony on anoint-
ing is not extracted in a few minutes, yet not one
from thousands of trials since has claimed the bon-
us.) Parents anxious to guard against general in-
juries and save money, time, torture and life, and
prevent their offspring from being disfigured by
burns, or even small-pox pustules, (if possessing the
envaluable power to replace the cellular organs de-
stroyed,) can do so by obtaining this inestimable
salve. Many deeply burnt cases in the city can be
seen, and one entire face burnt over and wounded
three distinct times in the same spot while healing,
yet in no case can be traced the least cicatrice or
mark! For all kinds of hurts, its rapid, soothing
effects, are alike important; even sore eyes, ALL
INFLAMMATIONS and BROKEN BREASTS
would be unknown. The toilet and nursery, for
clearing the skin of pimples, removing chafe, &c.,
will find it indispensable. Once using only will for-
ever establish it the sovereign **HEAL-ALL** qual-
ity. After this notice, heads of families allowing
torture for months, and ultimately distorted features,
can never wipe away reproach, justly uttered by a
disabled child, for neglecting to triumph over fire.
*Entered according to act of Congress, A. D.
1841, by COMSTOCK & CO. in the Clerk's Office of
the District Court of the United States for the
Southern District of New York.
Warranted the only genuine.

COMSTOCK & CO., Wholesale Druggists, New
York, have become the sole wholesale agents for
Mr. Daley in America for twenty years. All orders
must be addressed to them, except for the cities of
Albany and Troy.

aug 8—w

DR. J. D. BUZZELL'S
CELEBRATED FAMILY MEDICINES
These Medicines are purely Vegetable, and extra-
neously used in various parts of the United States,
the British Provinces and the West Indies.
They are particularly intended for the removal
of Chronic diseases, such as habitual or periodical
ache, Catarrh, Consumption of the lungs, various af-
fections of the stomach, liver, bowels, kidneys, vesic-
ulae, glands, &c. Dropsy, Rheumatism, Gout, and
Jaundice. Blisters, and anti-acid or purgatives.
The preparations, viz: the Bilious Bitters, Pills,
generally used, and the opening obstructions, re-
moving all morbid and offensive matter from the stom-
ach and bowels, which he has reason to think is always
effective in all cases within the control of medicine.
They operate as preventives in various epidemic diseases,
such as Intermittent, Inflammatory, Bilious, and
non Typhus fevers, Inflammations of the Lungs, Ho-
mies, Pleurisy, Cholera Morbus, Diarrhoea, &c., also as
preventives to some contagious diseases, such as Yellow
Scarlet and Putrid fevers, and although there are some
contagious diseases which they are not capable of pre-
venting, such as small pox, measles, whooping cough,
&c., from many years experience, has become con-
fident that all those who contract any of these diseases,
while under the influence of these medicines, taken in
such doses as to keep up and maintain a healthy action
in the secretory and excretory vessels of the digestive
organs, are but slightly affected, and are easily man-
aged—whereas, on the contrary, doubtless in many cases
they would prove not only distressing, but uncontroll-
able and dangerous.

Vegetable Bilious Bitters.
Prepared exclusively at his Dispensary in Cape Elizabeth,
near Portland, Me. These Bitters are particularly
serviceable in all cases of obstruction of the stomach
and bowels, and in chronic affections of the liver,
and particularly serviceable where there is a loss of ap-
petite.
Vegetable Bilious Pills.
These Pills are intended to remove all Bilious Ob-
structions, regulate the Secretions of the Stomach,
liver, Bowels and Kidneys, and to restore a healthy ac-
tion in the digestive organs, by removing all unhealthy
matter from the elementary canals.

Jaundice Mixture.
This Mixture will be found a speedy and safe cure for
Jaundice, and of singular service in all cases where the
bowels have lost their proper tone, or have become tor-
pid, attended with obstinate obstructions. It is also an
efficacious remedy for bilious, and for which the di-
rections accompanying the medicine are to be strictly ob-
served.
Hemorrhoidal, or Pile Powder.
This medicine may be relied upon to give immediate
relief; and when persevered in, will effect a certain
cure.
Compound Strengthening Plaster.
A local weakness, or a pain in the chest, stomach,
side, or back, will, in most cases, be removed by the
application of this plaster to the part affected.
Ointment for the Cure of Cutaneous Eruptions.
A few sprays applications of this ointment, morning
and evening, will be found a safe and efficacious remedy
in all cutaneous eruptions. It is a remedy for eruptions
of the face, with which children are so often afflicted,
and even in cases of scald head, a local esome affection
of the head, in which state it is covered with a con-
tinuous scab, it is a safe application, effecting a cure. It
will generally cure the troublesome and truly perplex-
ing humor, called by many the Brierly or Jackson itch,
observing in all cases, to take the ANTI-ITCH POW-
DER and COUGHING POWDER, according to its accom-
panying directions.

Cough Mixture.
A remedy for all coughs proceeding from cold, infla-
mation of the lungs or pleura. It is also found
very useful in unobscuring the violence of whooping
cough.
For a more full and particular description of disease,
and the medicine to be applied, I beg leave to refer to
my Circular, in pamphlet form, which may be had
wherever the medicines are for sale, and to the remarks
accompanying them.
